To Whom it May Concern:

This document is a written request for an appellate review of the so-called "hearing" to immediately reinstate the clinical privileges and medical staff membership of Evelyn S. Berwick M.D. at Allegheny General Hospital.

The reasons for an appellate review are as follows:

- 1) An unfair original "hearing" based on an ill-conceived cataclysmically timed Ad Hoc committee meeting
- 2) Discrimination, slander, and defamation of character of Evelyn S. Berwick M.D.
- 3) Indirect retribution against Dr. Berwick for testifying on behalf of her patients against Allegheny General Hospital
- 4) Direct financial competition of Allegheny General Hospital for Dr. Berwick's patients and associated revenue
- 5) Improper procedural conduct on the part of counsel for Allegheny General Hospital at the original "hearing" of Dr. Berwick (witness tampering)

Respond with times and protocols of this appellate review via certified mail to:
